

İŞ AKIŞI ADIMLARI	SORUMLU
 <p>The flowchart details the process of tax payment. It starts with identifying tax liabilities from the BKMYBS system. A MİF is prepared for the transfer of tax liabilities to the relevant institution's account. A decision point 'UYGUN MU?' (Is it appropriate?) is reached, with 'E' (Yes) leading to 'Yevmiyeleştirme işlemi yapılır.' (Posting is done) and 'H' (No) leading to a return to the MİF preparation step. The process continues with 'Yevmiyeleşen evrakın dosyalama işlemi yapılır.' (Filing of tax documents), 'Ödemeye ilişkin banka talimatı hazırlanır. Gönderme Emri düzenlenir. Talimat Bankaya zimmetle teslim edilir.' (Preparation of bank instructions and sending to the bank), and another decision point 'Ödeme Yapılmış Mi?' (Is payment made?). 'E' (Yes) leads to 'Banka ekstresinde ödeme kontrol edilip talimat kapatılır. Ödeme tamamlanır.' (Payment control and closing of instructions), while 'H' (No) leads to a return to the bank instruction preparation step.</p>	<ul style="list-style-type: none"><li>Muhasebe, Kesin Hesap ve Raporlama Şube Müdürlüğü</li></ul>
